The following committee was appointed to look after legislation and was immediately dubbed the "sterning committee." Col. R. V. Hoffman of Chandler, chairman; Sam Massingale of Washita county, W. L. Curtis of Sequoyah county, T. E. Lester of Pittsburg county, and J. B. Doolin of Woods county.

HOW IT WAS DONE

(From Shawnee Herald)

A political battle never before equalled in the history of Oklahoma. Such has been the speakership fight. Men who have fought side by side, up and down to victory and defeat in previous contests, were to be found arrayed against each other and on the verge of resorting to violence to express their feelings. On the other hand, political and personal enemies of the past locked arms, sat down together and formed combination after combination and plot after plot in their attempts to reduce late friends to the dust of defeat.

Men entered the speakership contest with little strength and were able to make circuit after circuit before the legislators in the grand stand were acquainted with their running qualities.

Candidates claimed each other's vote and in the absence of the members themselves it was difficult to determine who was who.

Secrecy was the watchword. Reticence was a candidate qualification, it seemed.

Developed New Managers.

The most remarkable evidence of political ingenuity was displayed by the Oklahoma City delegation headed by Ed Dunn. Dunn is a real estate man. He says little, shakes hands well, winks frequently and walks with a tread that repudiates the old idea that avoidupois necessarily implies a heavy tread. He had not been in town ten hours until he was "merging" political interests. So secretive was his preliminary efforts that he was dubbed the "rubber tire politician," and this name hung to the last.

Taking up Representative Ben Wilson's candidacy, Dunn impressed the following of Tillotson, Ross and others with the impossibility of their own candidate winning. He cultivated the dead lock, started hand wagon movements and sat back and smoked while the hotel lobbies hummed with excitement.

As early as Friday night he had the Tillotson and Ross forces signed up with almost enough votes to nominate. Saturday morning a break in the slate came. All day the fight was made to combine against Wilson, but candidates could not get together, for each man, in the absence of many house members, believed himself available.

Finally, when it came down to a choice between three men: Wilson, Terrall, of Hobart, and Bryan, of Shawnee, the latter as a compromise candidate, Dunn was able to get the Harrison forces to break, and before midnight Harrison walked in and signed the "roll" thus eliminating himself with twelve or more strong supporters who had been unwavering up to that hour.

Another keen political mind was at work battling every inch of ground with Dunn, and others. It was John R. Williams, of Hobart.

Quiet, unassuming, courteous and courageous, with a persistency and loyalty that made him a big factor in the caucuses, Williams plugged away with practically nothing as a beginning and at the close had his new and practically unknown candidate ranking second in the race. It was his work that made elimination of other candidates rapid as the Sabbath day was closing.

Milton Bryan, of Shawnee, who narrowly escaped being touched by the hand of political fortune at an hour of strife, emerges from the battle with the friendship of every contestant and every supporter. He was at all times an available candidate as a compromise, but his pledged vote kept him from being a notable factor in a test of strength.

Saturday night Bryan stock soared. Sunday afternoon it seemed to go down, only to be revived at the supper hour. Had it not been for the sudden withdrawal of Harrison, the compromise solution would have brought the speakership to the Shawnee man.

Governor Kept Hands Off.

Hundreds of men appealed to Gov. Haskell to get into the fight. They told him that he owed it to his friends and to his administration to end the endurance race that had been going on for days.

The governor, however, declared

that all of the candidates were his friends and supporters, and he could not change his program of non-interference. Gov. Haskell appeared in the hotel lobbies Saturday and Sunday evening and was immediately the center of many small groups.

Interest in all other house positions was lost early and few candidates were able to attract attention of legislators to their claims.

Guthrie, Okla., Jan. 5.—Resolutions have been prepared for introduction in both branches of the legislature ordering submission of the Torrens system of land title registration to a vote of the people at the next general election. The proposition was submitted at the last general election and defeated, as an amendment to the constitution having failed to receive a majority of all the votes cast in the election.

BRUTAL HUSBAND AND FATHER.

Beats Wife and Child Nearly to Death Over Money.

Coweta, Okla., Jan. 4.—News reached Coweta from the country south of town that Mrs. Jack Howard and little 4-weeks-old baby were beaten nearly to death on New Year's eve by the husband and father, Jack Howard in a quarrel over money matters.

The Howards, according to the story, had been to the bank in Coweta and were returning home when Howard got out of the buggy, jerked his wife to the ground and gave her a terrible beating. He next seized the baby and dashed it to the ground several times. Travelers along the road soon discovered the condition of the mother and child and Marshal Ward and a posse from Coweta set out after Howard soon capturing him. Physicians in attendance upon the woman say that she cannot live.

Widespread Cold Wave.

Chicago, Ill., Jan. 5.—The long deferred winter swept over Chicago and the entire Northwest today and is rapidly enveloping the Middle West. Forecasters say the cold wave will extend clear to Florida and Louisiana. Throughout Minnesota, Iowa, Wisconsin and Canada heavy snow and sleet accompanied the low temperature. In Illinois and other Middle Western States the cold wave was accompanied by cold rain and snow flurries which cut down telegraph and telephone wires, disrupted railway schedules and brought much suffering in the poorer districts of the cities.

MAKES SENSATIONAL CHARGES

Guthrie, Okla., Jan. 5.—Making the sensational charge that the whole-sale liquor interests have formed a compact organization in Oklahoma to attack the most vulnerable part of the prohibitory law, the enforcement feature, and that this campaign is being conducted through district agents located at convenient places throughout the state, supplemented with a large array of regularly retained legal counsel, Special Enforcement Attorney Fred S. Caldwell submitted his report to Governor Haskell today. He declared that most of the men formerly engaged in the liquor business in Oklahoma are still in the state and are aiding in this attack upon the law.

The report states that the enemies of the prohibitory law have two main objects. The first is to perpetuate open violations, thereby discrediting prohibition, and creating sentiment favorable to its repeal, and the second seeks to perpetuate the political power formerly held by the saloons, by means of the secret ro-ganization known as the "Sons of Washington."

It is charged in the first report that the method employed by the liquor dealers to accomplish the first object is to maintain agents at various places as distributors. In connection with these agents, it is alleged, attorneys are regularly employed who procure from the class of criminals those who are willing to risk violating the prohibitory law. Representations are made to the men according to the report, that the law is easily evaded and detection avoided and that the officer generally can be "fixed," however, if the worst comes the violator of the law will be defended by able attorneys, free of cost to him, and his case will be appealed to the higher courts and

bond secured for him in the meantime.

Further inducement is held out, according to the report, by telling the proposed jointists that by selling such beverages as "Adams Special," "Sunbeam," "P. O. M." and others which do not come within the inhibition of the law, he can cover up on the sales of real intoxicants and thus avoid prosecution.

One of the sensational features of the report is a reproduction of what purports to be excerpts from the secret ritual of the Sons of Washington. According to these alleged extracts, the members are sworn to the greatest secrecy, with the penalty of having their names published to all other members of the lodge as "traitors" and "perjurers" and having their business and social prospects ruined in case they should divulge what transpires within the lodge rooms.

The new member, according to extracts, also takes an oath not to reveal the personnel of the membership of the order nor the place of holding the lodge meetings, and to oppose all candidates for office who are opposed to liberal laws guaranteeing personal liberty.

State Bar Association Adjourns.

Oklahoma City, Okla., Jan. 5.—The State Bar Association concluded its meeting here with a banquet at the Threadgill Hotel tonight. W. I. Gilbert of Duncan, Okla., was elected president for the ensuing year. Chas. West, Attorney General, addressed the association this afternoon on experiments in legislation. A resolution introduced by Judge Clark of this city was adopted. It asks the legislature to enact proper system of procedure for the trial of juvenile offenders, the establishment of industrial schools for boys and a training school for incorrigible girls.

GOVERNOR HASKELL SENDS CONDOLENCE

Washington, Jan. 4.—A letter written by Governor Haskell of Oklahoma to Samuel W. Gompers, confiding with the labor leader on his sentence for contempt, was received here today.

Haskell writes that he considers Gompers and Mitchell the victims of extreme judicial construction and that, in his opinion, the decision of the court is approaching "military despotism."

He expresses his sympathy for the labor chiefs and predicts that if they go to jail the people of the country will suffer far more than they. He calls attention to the inalienable right to trial by jury and deprecates the sentence, in view of the fact that there is no fight between labor and capital.

The governor goes into considerable detail in explaining the injustice of the judgment.

McCumber Act Will Stand.

Washington, D. C., Jan. 4.—The court of claims in a decision in the case of David Muskrat, J. Henry Dick, Levi Gritts, and others, involving the constitutionality of the McCumber amendment, holds the amendment is valid. This was the act extending restrictions on all full-bloods 25 years from June 26, 1906. The amended petition in the eastern Cherokee case were dismissed.

Crump for Congress.

Guthrie, Ok., Jan. 4.—The Wewoka Democrat is out with the announcement of George C. Crump of that place as democratic candidate for congress from the Third Oklahoma district. This announcement, following the declaration of James Davenport, the democratic congressman from that district, who was defeated last fall and whose term expires in March, that he will run again two years hence, insures a lively race in the primaries. Crump is counting on the support of the Haskell organization.

NATURE TELLS YOU.

As Many an Ada Reader Knows Too Well.

When the kidneys are sick, Nature tells you about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Ada people testify to this. W. F. Jones, E. Eleventh St., Ada, Okla., says: "It is over a year and a half since I procured Doan's Kidney Pills at G. M. Ramsey's drug store and through their use received a cure from a severe case of kidney complaint. There was a dull ache through my loins and the too frequent passages of the kidney secretions caused me great annoyance. I tried a number of remedies, but received only temporary relief until I used Doan's Kidney Pills. I have had no occasion to resort to a kidney remedy since as the cure Doan's Kidney Pills effected has proven to be a permanent one."

Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store rid me of the trouble and I have had no return of it since."

OUTRAGED A FRAIL WOMAN

Shawnee, Okla., Jan. 5.—Closely guarded at the county jail, where he crouches in his cell in terror lest a mob of angry citizens may storm the jail and lynch him at any moment, Julius Shipman is awaiting a preliminary hearing postponed indefinitely through fear of mob violence, and Mrs. Hilda Stallcup, wife of a Rock Island engineer, lies at her home in a precarious condition, the victim of a most brutal assault. It is said that Shipman went to the house of Mr. Stallcup on the pretense of having her sign some papers. Finding her alone, he burst open a screen door and overpowering her threw her on a bed where he committed the outrage. Mrs. Stallcup is a frail woman and was completely at the mercy of the white brute. Shipman was arrested shortly after the crime and pretended to be drunk. It was with the greatest difficulty the officers prevented a lynching. Mrs. Stallcup is in a precarious condition.

Confederate Camps to Meet.

Guthrie, Okla., Jan. 5.—There will be a meeting of representatives from the Oklahoma confederate camps held in Oklahoma City, Feb. 12, to devise means for erecting a confederate home in the state. In an order today Commander-in-Chief Bill Cross urges

that every ex-confederate soldier participate in a memorial service on Jan. 19th, the birthday anniversary of Gen. Lee. E. J. Gliddings of Oklahoma City has been named to represent the state division at the Lincoln celebration in Oklahoma City Feb. 12.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars. Free. F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

WILL REBUILD ON THE RUINS

Rome, Jan. 6.—Plans for the rebuilding of Reggio and Messina already are being discussed in detail, but especially with regard to the latter place, which is the second city of Sicily. It is estimated that about \$15,000,000 will suffice to rebuild Messina for 50,000 inhabitants, making it a commercial and maritime center. It will take about \$8,000,000 to rebuild Reggio for 25,000 people. In any event many years must elapse before the thoroughly terrorized population can be induced to return to live in the stricken territory. One project is to transfer Messina provisionally to Milazzo, a small town near the ruins of Messina, on the North Coast of the island. It has been decided to reconvene the Italian Parliament on Friday or Saturday of this week to consider remedies and measures to cope with the existing situation in Calabria and Eastern Sicily. A bill will be presented setting forth that all people who were in the stricken cities and towns who have not been found at the expiration of three months shall be considered dead.

The Pope visited the wounded in the Vatican this afternoon, accompanied by Dr. Giuseppe Patacci, his private physician, and heard the doctor's opinion on each case.

Reggio, Jan. 5.—Earthquakes have occurred here today at intervals of twenty minutes. At noon a stronger quake than the others caused a number of the standing walls to collapse and created a condition of panic among the survivors. It is not thought that there were any casualties.

Segregated Coal Lands District.

McAlester, Okla., Jan. 5.—Representatives from six of the seven counties in the segregated coal land district to the number of 200 met in convention here today. Permanent organization was effected, with Boone Williams of Lehigh president; J. W. Corley of Howe, secretary, E. C. Million of McAlester, treasurer, and a vice president from every city and town in the district. A fund of \$1,000 was raised for expenses. W. Hays Fuller of McAlester was appointed delegate to Washington. Resolutions were adopted memorializing congress to provide for the sale of the surface of the segregated coal lands at once, opening it to settlers, no person to be allowed to purchase more than a quarter section. These lands aggregate half a million acres. The convention today was a representative body and strong pressure will be brought to bear on the officials at Washington to sell the lands as requested.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a gold will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

The cold weather we are now having is needed. It will kill the insects that hibernate and destroy crops, and it will pulverize the soil, and it will stamp out the germs that cause illness, and it will enable the fellow to save his sweat—if he has the hogs.

Banquets are all right in producing good feeling and a brotherly friendship for everyone, but the next morning things do look a little dreary.—Durant News.

Yes, that headache and tired feeling more than counterbalances the good feeling the night before.

The big fine assessed against the Standard Oil Company by Judge Landis is now a memory. The effort of the government to obtain a standing through the supreme court of the United States has failed.—Denison Herald.

The Standard Oil Company's owners never lost any sleep about that big fine. In the first place, the amount of it was in excess of common sense, though technically correct. And again, the republican party and the Standard Oil, with all of its ramifications, are too closely allied to have a severance of friendship.

THE NEWS GROWS.

In conjunction with the growth of Ada, the News grows.

Through the enterprise and business acumen of the merchants of Ada, the Daily News today prints eight pages, all-home print.

It would be all the better for Ada if the News could issue in eight-page form every day, and it will not be long until the population of Ada will justify this size paper, as well as a telegraph service.

When the time arrives, the News will go to the eight pages and also adopt the telegraph service, for which negotiations are now under way.

PRESS COMMENT.

After all, perhaps, we have made some progress in righteousness. Those six honest councilmen out of 86 crooks in Pittsburg would have made work comparatively easy for Diogenes, who was so long looking

for even one honest man.—Ardmore-ite.

In the city of Cleveland, Ohio, 12,000 young men and women start out today to spend two weeks "Living as Jesus would live." While the object of the young people is to be commended, we believe they made a mistake at the start in proclaiming to the world what they intend doing. Jesus did not need a press agent to advertise his good works.—Muskogee Times-Democrat.

It only takes some terrible disaster like that at San Francisco or the more recent earthquake in Italy to quickly demonstrate that the whole civilized world is closely kin.—Denison Herald.

The newspapers are again crying out at the shortage of printpaper, and it is getting to such a pass that a paper hardly knows whether it will have or can get enough to get out the next issue, and this condition prevails regardless of the price. If the next congress does not place everything in connection with the manufacture of news paper, or for the matter of that, any other kind of paper upon the free list, then it's going to hear from the newspapers. The publishers have been held up by the paper trust long enough and it's time for a halt.—Durant News.

Cheered for "Katy Barnard."

Guthrie, Okla., Jan. 5.—Oklahoma's committee to investigate prison conditions at Lansing, Kan., will leave tonight for Lansing. Regarding the report that the Oklahoma convicts mutined Saturday, Miss Barnard, commissioner of charities, said today that she had a report on the affair and it was merely an effort on the

part of prison officials to intimidate the convicts so that they would not testify against them. Miss Barnard said that the convicts merely cheered for "Katy Barnard" as they left the mines, whereupon a large force of armed guards rushed to the scene and made threats of violence if cheering did not cease.

Negroes Refused Seats.
Washington, Jan. 5.—Three congressional election contests from

South Carolina were practically decided today when election committee No. reported to the house in favor of the permanent seating of Representative James O. Patterson (Dem.) of the Second district, over Isaac Myers (Rep.); Representative Asbury F. Leever (Dem.) of the Seventh, over Alexander Dantzler (Rep.) and Representative Geo. S. Legare (Dem.) of the First district, over A. P. Prioleau (Rep.) All the defeated candidates are negroes.

White woman housekeeper. Good pay and permanent position. 242d6t MRS. U. G. WINN.

Mrs. D. W. Holman and daughter have returned from their holiday visit to relatives in Texas.

Of the various enterprises, commercial and industrial, whose operations have tended toward the advancement of Ada and Pontotoc County, the Oklahoma Portland Cement Company stands pre-eminent.

This vast industry has been located in our city for two years, the first year of which was taken up in construction. We are proud to announce to our readers, that the "Ok" brand, as their product is called, has in the past year become known as the "standard of excellence" throughout the Southwest, where it has been sold, and leading engineers in Oklahoma and Texas, have pronounced it the best Portland Cement that has ever come to this section. In fact, "Ok" cement has obtained such preference on account of its superior quality, that throughout this past year of depression, the company has been able to place their entire output.

In fact, the demand has become of

such magnitude as to make it incumbent upon the company to increase its capacity, and arrangements are now being made towards this end.

Their large plant, located just west of the city, is now one of the largest manufacturing industries in the state, and with their capacity doubled they will likely hold this honor for many years to come.

The plant occupies some twenty acres of land, donated by the city of Ada, and all covered with immense buildings of steel and re-enforced concrete construction; these buildings being filled with the most modern and best improved machinery known to the industry.

Some idea of the benefits accruing to our community through this industry may be obtained from the fact that its monthly pay roll averages \$10,000.00, and in the two years it has been here, aggregates over \$225,000.00.

In addition to their plant site, the company owns some 930 acres of stone and shale land five miles south of the city, where the raw product is quarried, and where they have a supply of same to run a thousand years.

The officers of this company are: A. L. Beck, president; C. C. Bishop, vice president; J. M. Wintersmith, treasurer, and Wm. L. Whitaker, manager; Geo. L. Kice, secretary. All of these gentlemen, with the exception of Mr. Bishop, are residents of Ada, in which city they take a keen interest in all matters pertaining to the general welfare.

The stockholders are: A. T. Howe, C. C. Bishop, F. H. Belden, 1195 Masonic Temple, Chicago, Ill.; Peter Martin, Huntington, Ind.; Edwin Harter, Huntington, Ind.; F. E. Wickenhiser, Huntington, Ind.; Chas. E. Allenman, Huntington, Ind.; John Edwards, Mitchell, Ind.; John Love

THE GIFT OF THE NEW YEAR.

The gift of another year, dear Lord,
From thy loving hands we take;
O grant that we use it gratefully,
For thy tender mercies sake!
Its every moment should speak of thee

Its hours show forth thy praise,
And frightened with love and kindly deeds
Should be the hastening days.

Thy watchful love has brought us safe
Through the Old Year's paths we know;

So stretch thy kindly hand again,
And guide us as we go
Through the untried ways of this year so new.

And grant that our paths may lie
Where the brightest beams of the bounteous grace
May fall from thy throne on high.

Lift up our hearts till they sing for joy,
And grant us the gift of "peace,
Good will toward men," that the Christmas cheer

May not with the New Year cease!

Postmasters have strange requests made of them for information, but it is not often they are asked to hunt up lost property. The following peculiar request was recently received by Postmaster Young of Ada, and is self-explanatory:

Rexall
"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

The Hidden Hand.

This play was presented last night at the opera house to a large audience, despite the pesky norther that blew up. It is putting it mild to say that the members collectively and separately did themselves credit.

The Hidden Hand Company can always count on a hearty welcome in Ada.

Manager Parks of the opera house deserves the encouragement and patronage of the theatre-going people of Ada, in giving them as good attractions as he is booking.

HOW IT WAS DONE

(From Shawnee Herald)

A political battle never before
equalled in the history of Oklahoma
such has been the speakership fight.
Men who have fought side by side
up and down to victory and defeat
in previous contests were to be
found arrayed against each other and
on the verge of resorting to violence
to express their feelings. On the
other hand political and personal
enemies of the past locked arms at
down together and to mind combina-
tion after combination and plot after
plot in their attempts to reduce late
friends to the dust of defeat.

Men entered the speakership con-
test with little strength and were
able to make circuit after circuit be-
fore the legislators in the grand
stand were acquainted with their
running qualities.

Candidates claimed each other a
vote and in the absence of the mem-
bers themselves it was difficult to
determine who was who.

Saunders was the watchword.
Reference was a candidate quali-
fication it secured.

Developed New Managers.

The most remarkable evidence of
political ingenuity was displayed by
the Oklahoma City delegation head-
ed by Ed Dunn. Dunn is a real es-
tate man. He says little shakes hands
well winks frequently and walks
with a tread that repudiates the old
idea that avoidances necessarily im-
plies a heavy tread. He had not been
in town ten hours until he was
merging political interests. So
secretive was his preliminary efforts
that he was dubbed the rubber tire
politician, and this name hung to
the last.

Taking up Representative Ben Wil-
son's candidacy Dunn impressed the
following of Tillotson Ross and oth-
ers with the impossibility of their
own candidate winning. He cultivated
the dead lock started band wagon
movements and sat back and smoked
while the hotel lobbies hummed with
excitement.

As early as Friday night he had
the Tillotson and Ross forces signed
up with almost enough votes to nom-
inate Saturday morning a break in
the slate came. All day the fight
was made to combine against Wilson
but candidates could not get to-
gether for each man in the absence
of many house members believed
himself available.

Finally when it came down to a
choice between three men Wilson
Terrall of Hobart and Bryan of
Shawnee the latter as a compromise
candidate Dunn was able to get the
Harrison forces to break and before
midnight Harrison walked in and
signed the roll thus eliminating
himself with twelve or more strong
supporters who had been unwavering
up to that hour.

Another keen political mind was at
work battling every inch of ground
with Dunn and others it was John
R. Williams, of Hobart.

Quiet, unassuming courteous and
courageous with a persistency and
loyalty that made him a big factor
in the caucuses Williams plugged
away with practically nothing as a
beginning and at the close had his
new and practically unknown candi-
date ranking second in the race. It
was his work that made elimination
of other candidates rapid as the
Sabbath day was closing.

Milton Bryan of Shawnee who
narrowly escaped being touched by
the hand of political fortune at an
hour of strife emerges from the
battle with the friendship of every
contestant and every supporter. He
was at all times an available candi-
date as a compromise but his pledged
vote kept him from being a notable
factor in a test of strength.

Saturday night Bryan stood soared
Sunday afternoon it seemed to go
down only to be revived at the sup-
per hour. Had it not been for the
sudden withdrawal of Harrison, the
compromise solution would have
brought the speakership to the Shaw-
nee man.

Governor Kept Hands Off.

Hundreds of men appealed to Gov.
Haskell to get into the fight. They
told him that he owed it to his
friends and to his administration to
end the endurance race that had been
going on for days.

The governor, however, declared

that all of the candidates were his
friends and supporters and he could
not change his program of non inter-
ference. Gov. Haskell opened in
the hotel lobbies Saturday and Sun-
day evening and was immediately the
center of many small groups.

Interest in all other house positions
was lost early and few candidates
were able to attract attention of leg-
islators to their claims.

Guthrie, Okla. Jan. 5.—Resolutions
have been prepared for introduction
in both branches of the legislature
ordering submission of the Terrells
system of land title registration to a
vote of the people at the next general
election. The proposition was sub-
mitted at the last general election
and defeated as an amendment to
the constitution having failed to re-
ceive a majority of all the votes cast
in the election.

BRUTAL HUSBAND AND FATHER.

Beats Wife and Child Nearly to Death
Over Money.

Coweta, Okla. Jan. 4.—News reach-
ed Coweta from the country south
of town that Mrs. Jack Howard and
little two weeks-old baby were beaten
nearly to death on New Year's eve by
the husband and father Jack Howard
in a quarrel over money matters.

The Howards according to the
story, had been to the bank in Co-
weta and were returning home when
Howard got out of the buggy jerked
his wife to the ground and gave her
a terrible beating. He next seized
the baby and dashed it to the ground
several times. Travelers along the
road soon discovered the condition
of the mother and child and Mrs. Al
Ward and a posse from Coweta set
out after Howard soon capturing
him. Physicians in attendance upon
the woman say that she cannot live.

Widespread Cold Wave.

Chicago Ill. Jan. 5.—The long de-
ferred winter swept over Chicago
and the entire Northwest today and
is rapidly enveloping the Middle
West. Forecasters say the cold wave
will extend clear to Florida and
Louisiana. Throughout Minnesota
Iowa Wisconsin and Canada heavy
snow and sleet accompanied the low
temperature. In Illinois and other
Middle Western States the cold wave
was accompanied by cold rain and
snow flurries which cut down tele-
graph and telephone wires, disrupted
railway schedules and brought much
suffering in the poorer districts of
the cities.

MAKES SENSATIONAL CHARGES

Guthrie, Okla., Jan. 5.—Making the sensational charge that the whole-sale liquor interests have formed a compact organization in Oklahoma to attack the most vulnerable part of the prohibitory law, the enforcement feature, and that this campaign is being conducted through district agents located at convenient places throughout the state, supplemented with a large array of regularly retained legal counsel, Special Enforcement Attorney Fred S. Caldwell submitted his report to Governor Haskell today. He declared that most of the men formerly engaged in the liquor business in Oklahoma are still in the state and are aiding in this attack upon the law.

The report states that the enemies of the prohibitory law have two main objects. The first is to perpetuate open violations, thereby discrediting prohibition, and creating sentiment favorable to its repeal, and the second seeks to perpetuate the political power formerly held by the saloons, by means of the secret organization known as the "Sons of Washington."

It is charged in the first report that the method employed by the liquor dealers to accomplish the first object is to maintain agents at various places as distributors. In connection with these agents, it is alleged, attorneys are regularly employed who procure from the class of criminals those who are willing to risk violating the prohibitory law. Representations are made to the men according to the report, that the law is easily evaded and detection avoided and that the officer generally can be "fixed," however, if the worst comes the violator of the law will be defended by able attorneys, free of cost to him, and his case will be appealed to the higher courts and

bond secured for him in the meantime.

Further inducement is held out, according to the report, by telling the proposed jointists that by selling such beverages as "Adams Special," "Sunbeam," "P. O. M." and others which do not come within the inhibition of the law, he can "cover up" on the sales of real intoxicants and thus avoid prosecution.

One of the sensational features of the report is a reproduction of what purports to be excerpts from the secret ritual of the Sons of Washington. According to these alleged extracts, the members are sworn to the greatest secrecy, with the penalty of having their names published to all other members of the lodge as "traitors" and "perjurers" and having their business and social prospects ruined in case they should divulge what transpires within the lodge rooms.

The new member, according to extracts, also takes an oath not to reveal the personnel of the membership of the order nor the place of holding the lodge meetings, and to oppose all candidates for office who are opposed to liberal laws guaranteeing personal liberty.

State Bar Association Adjourns.

Oklahoma City, Okla., Jan. 5.—The State Bar Association concluded its meeting here with a banquet at the Threadgill Hotel tonight. W. I. Gilbert of Duncan, Okla., was elected president for the ensuing year. Chas. West, Attorney General, addressed the association this afternoon on experiments in legislation. A resolution introduced by Judge Clark of this city was adopted. It asks the legislature to enact proper system of procedure for the trial of juvenile offenders, the establishment of industrial schools for boys and a training school for incorrigible girls.

GOVERNOR HASKELL SENDS CONDOLENCE

Washington, Jan. 4.—A letter written by Governor Haskell of Oklahoma to Samuel W. Gompers, condoling with the labor leader on his sentence for contempt, was received here today.

Haskell writes that he considers Gompers and Mitchell the victims of extreme judicial construction and that, in his opinion, the decision of the court is approaching "military despotism."

He expresses his sympathy for the labor chiefs and predicts that if they go to jail the people of the country will suffer far more than they. He calls attention to the inalienable right to trial by jury and deplors the sentence, in view of the fact that there is no fight between labor and capital.

The governor goes into considerable detail in explaining the injustice of the judgment.

McCumber Act Will Stand.

Washington, D. C., Jan. 4.—The court of claims in a decision in the case of David Muskrat, J. Henry Dick, Levi Gritts, and others, involving the constitutionality of the McCumber amendment, holds the amendment is valid. This was the act extending restrictions on all full-bloods 25 years from June 26, 1906. The amended petition in the eastern Cherokee case were dismissed.

Crump for Congress.

Guthrie, Ok., Jan. 4.—The Wewoka Democrat is out with the announcement of George C. Crump of that place as democratic candidate for congress from the Third Oklahoma district. This announcement, following the declaration of James Davenport, the democratic congressman from that district, who was defeated last fall and whose term expires in March, that he will run again two years hence, insures a lively race in the primaries. Crump is counting on the support of the Haskell organization.

NATURE TELLS YOU.

As Many an Ada Reader Knows Too Well.

When the kidneys are sick, Nature tells you about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Ada people testify to this.

W. F. Jones, E. Eleventh St., Ada, Okla., says: "It is over a year and a half since I procured Doan's Kidney Pills at G. M. Ramsey's drug store and through their use received a cure from a severe case of kidney complaint. There was a dull ache through my loins and the too frequent passages of the kidney secretions caused me great annoyance. I tried a number of remedies, but received only temporary relief until I used Doan's Kidney Pills. I have had no occasion to resort to a kidney remedy since as the cure Doan's Kidney Pills effected has proven to be a permanent one."

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow every sudden twist. Dull aching keeps up, day and night.

Tell you the kidneys need help—For backache is really kidneyache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills. Ada people recommend the remedy. E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store rid me of the trouble and I have had no return of it since."

ADA DAILY AND WEEKLY NEWS, Ada, Okla.

OUTRAGED A FRAIL WOMAN

Shawnee, Okla., Jan. 6—Closely guarded at the county jail, where he crouches in his cell in terror lest a mob of angry citizens may storm the jail and lynch him at any moment, Julius Shipman is awaiting a preliminary hearing postponed indefinitely through fear of mob violence, and Mrs. Hilda Stallcup, wife of a Rock Island engineer, lies at her home in a precarious condition, the victim of a most brutal assault. It is said that Shipman went to the house of Mr. Stallcup on the pretense of having her sign some papers. Finding her alone, he burst open a screen door and overpowering her threw her on a bed where he committed the outrage. Mrs. Stallcup is a frail woman and was completely at the mercy of the white brute Shipman was arrested shortly after the crime and pretended to be drunk. It was with the greatest difficulty the officers prevented a lynching. Mrs. Stallcup is in a precarious condition.

Confederate Camps to Meet. Guthrie, Okla., Jan. 6—There will be a meeting of representatives from the Oklahoma Confederate camps held in Oklahoma City, Feb. 18, to devise means for erecting a Confederate monument in an appropriate place. Commander-in-Chief Bill Cross urges

that every ex-confederate soldier participate in a memorial service on Jan. 19th, the birthday anniversary of Gen. Lee. E. J. Giddings of Oklahoma City has been named to represent the state division at the Lincoln celebration in Oklahoma City Feb. 12.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; like cases of catarrh of the nose, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars. Free. J. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

WILL REBUILD ON THE RUINS

Rome, Jan. 6—Plans for the rebuilding of Reggio and Messina already are being discussed in detail, but especially with regard to the latter place, which is the second city of Sicily. It is estimated that about \$15,000,000 will suffice to rebuild Messina for 50,000 inhabitants, making it a commercial and maritime center. It will take about \$3,000,000 to rebuild Reggio for 25,000 people. In any event many years must elapse before the thoroughly terrorized population can be induced to return to live in the stricken territory. One project is to transfer Messina provisionally to Milazzo, a small town near the ruins of Messina, on the North Coast of the island. It has been decided to reconvene the Italian Parliament on Friday or Saturday of this week to consider remedies and measures to cope with the existing situation in Calabria and Eastern Sicily. A bill will be presented setting forth that all people who were in the stricken cities and towns who have not been found at the expiration of three months shall be considered dead.

The Pope visited the wounded in the Vatican this afternoon, accompanied by Dr. Giuseppe Patschi, his private physician, and heard the doctor's opinion on each case.

Reggio, Jan. 6—Earthquakes have occurred here today at intervals of twenty minutes. At noon a stronger quake than the others caused a number of the standing walls to collapse and created a condition of panic among the survivors. It is not thought that there were any casualties.

Segregated Coal Lands District. McAlester, Okla., Jan. 5—Representatives from six of the seven counties in the segregated coal land district to the number of 200 met in convention here today. Permanent organization was effected, with Boone Williams of Lehigh president, J. W. Corley of Howe, secretary, E. C. Million of McAlester, treasurer, and a vice president from every city and town in the district. A fund of \$1,000 was raised for expenses. W. Hays Fuller of McAlester was appointed delegate to Washington. Resolutions were adopted memorializing congress to provide for the sale of the surface of the segregated coal lands at once, opening it to settlers, no person to be allowed to purchase more than a quarter section. These lands aggregate half a million acres. The convention today was a representative body and strong pressure will be brought to bear on the officials at Washington to sell the lands as requested.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a gold will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

In conjunction with the growth of Ada the News grows

Through the enterprise and business acumen of the merchants of Ada the Daily News today prints eight pages all day long

It is said that the Ada News will be in the hands of the people every day and it will not be long until the population of Ada will justify this size paper as well as a telegraph service

PRESS COMMENT.

After all perhaps we have made some progress in righteousness. Those six honest counselmen out of 86 crooks in Pittsburg would have made work comparatively easy for Doogenes who was so long looking

In the city of Cleveland Ohio 12,000 young men and women start out today to spend two weeks. Living as Jesus would live. While the object of the young people is to be commended we believe they made a mistake at the start in proclaiming to the world what they intend doing. Jesus did not need a priest agent to advertise his good works—Missouri Times Democrat

It only takes some terrible disaster like that at San Francisco or the more recent earthquake in Italy to quickly demonstrate that the whole civilized world is closely kin—Denton Herald

The newspapers are again crying out at the shortage of pinpaper and it is getting to such a pass that a paper hardly knows whether it will live or not. It is enough to get out the next issue and this condition prevails regardless of the price. If the next congress does not place everything in connection with the manufacture of news paper or for the matter of that any other kind of paper upon the free list then it is going to hurt from the newspapers. The publishers have been held up by the paper trust long enough and it is time for a revolt—Denton News

MRS. U. G. WINN.

Mrs. D. W. Holman and daughter have returned from their holiday visit to relatives in Texas.

Oklahoma Portland Cement Company

Of the various enterprises, commercial and industrial, whose operations have tended toward the advancement of Ada and Pontotoc County, the Oklahoma Portland Cement Company stands pre-eminent. This vast industry has been located in our city for two years, the first year of which was taken up in construction. We are proud to announce to our readers, that the "Ok" brand, as their product is called, has in the past year become known as the "standard of excellence" throughout the Southwest, where it has been sold, and leading engineers in Oklahoma and Texas, have pronounced it the best Portland Cement that has ever come to this section. In fact "Ok" cement has obtained such preference on account of its superior quality, that throughout this past year of depression, the company has been able to place their entire output.

In fact, the demand has become of

such magnitude as to make it incumbent upon the company to increase its capacity, and arrangements are now being made towards this end.

Their large plant, located just west of the city, is now one of the largest manufacturing industries in the state, and with their capacity doubled they will likely hold this honor for many years to come.

The plant occupies some twenty acres of land, donated by the city of Ada, and all covered with immense buildings of steel and re-enforced concrete construction; these buildings being filled with the most modern and best improved machinery known to the industry.

Some idea of the benefits accruing to our community through this industry may be obtained from the fact that its monthly pay roll averages \$10,000.00, and in the two years it has been here, aggregates over \$225,000.00.

In addition to their plant site, the company owns some 930 acres of stone and shale land five miles south of the city, where the raw product is quarried, and where they have a supply of same to run a thousand years.

The officers of this company are: A. L. Beck, president; C. C. Bishop, vice president; J. M. Wintersmith, treasurer, and Wm. L. Whitaker, manager; Geo. L. Kice, secretary. All of these gentlemen, with the exception of Mr. Bishop, are residents of Ada, in which city they take a keen interest in all matters pertaining to the general welfare.

The stockholders are: A. T. Howe, C. C. Bishop, T. H. Belden, 3105 Masonic Temple, Chicago, Ill.; Peter Martin, Huntington, Ind.; Edwin Harter, Huntington, Ind.; F. E. Wickenhiser, Huntington, Ind.; Chas. E. Allen, Huntington, Ind.; John Edwards, Mitchell, Ind.; John Love

THE GIFT OF THE NEW YEAR.

The gift of another year, dear Lord, From thy loving hands we take; O grant that we use it gratefully, For thy tender mercies sake! Its every moment should speak of thee

Its hours show forth thy praise, And frightened with love and kindly deeds Should be the hastening days. Thy watchful love has brought us safe

Through the Old Year's paths we know; So stretch thy kindly hand again, And guide us as we go Through the untrod ways of this year so new.

And grant that our paths may lie Where the brightest beams of the bounteous grace May fall from thy throne on high. Lift up our hearts till they sing for joy, And grant us the gift of "peace, Good will toward men," that the Christmas cheer May not with the New Year cease! —Selected.

Postmasters have strange requests made of them for information, but it is not often they are asked to hunt up lost property. The following peculiar request was recently received by Postmaster Young of Ada, and is self-explanatory:

Rexall
"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

MAKES SENSATIONAL CHARGES

Guthrie, Okla., Jan. 5.—Making the sensational charge that the whole-sale liquor interests have formed a compact organization in Oklahoma to attack the most vulnerable part of the prohibition law, the enforcement feature, and that this campaign is being conducted through district agents located at convenient places throughout the state, supplemented with a large array of regularly retained legal counsel, Special Enforcement Attorney Fred S. Caldwell submitted his report to Governor Haskell today. He declared that most of the men formerly engaged in the liquor business in Oklahoma are still in the state and are aiding in this attack upon the law.

The report states that the enemies of the prohibition law have two main objects. The first is to perpetuate open violations, thereby discrediting prohibition, and creating sentiment favorable to its repeal, and the second seeks to perpetuate the political power formerly held by the saloons, by means of the secret organization known as the "Sons of Washington."

It is charged in the first report that the method employed by the liquor dealers to accomplish the first object is to maintain agents at various places as distributors. In connection with these agents, it is alleged, attorneys are regularly employed who procure from the class of criminals those who are willing to risk violating the prohibition law. Representations are made to the men according to the report, that the law is easily evaded and detection avoided and that the officer generally can be "fixed," however, if the worst comes the violator of the law will be defended by able attorneys, free of cost to him, and his case will be appealed to the higher courts and

bond secured for him in the meantime.

Further inducement is held out, according to the report, by telling the proposed jointists that by selling such beverages as "Adams Special," "Sunbeam," "P. O. M." and others which do not come within the prohibition of the law, he can cover up on the sales of real intoxicants and thus avoid prosecution.

One of the sensational features of the report is a reproduction of what purports to be excerpts from the secret ritual of the Sons of Washington. According to these alleged extracts, the members are sworn to the greatest secrecy, with the penalty of having their names published to all other members of the lodge as "traitors" and "perjurers" and having their business and social prospects ruined in case they should divulge what transpires within the lodge rooms.

The new member, according to extracts, also takes an oath not to reveal the personnel of the membership of the order nor the place of holding the lodge meetings, and to oppose all candidates for office who are opposed to liberal laws guaranteeing personal liberty.

State Bar Association Adjourns.

Oklahoma City, Okla., Jan. 5.—The State Bar Association concluded its meeting here with a banquet at the Threadgill Hotel tonight. W. I. Gilbert of Duncan, Okla., was elected president for the ensuing year. Chas. West, Attorney General, addressed the association this afternoon on experiments in legislation. A resolution introduced by Judge Clark of this city was adopted. It asks the legislature to enact proper system of procedure for the trial of juvenile offenders, the establishment of industrial schools for boys and a training school for incorrigible girls.

GOVERNOR HASKELL SENDS CONDOLENCE

Washington, Jan. 4.—A letter written by Governor Haskell of Oklahoma to Samuel W. Gompers, condoling with the labor leader on his sentence for contempt, was received here today.

Haskell writes that he considers Gompers and Mitchell the victims of extreme judicial construction and that, in his opinion, the decision of the court is approaching "military despotism."

He expresses his sympathy for the labor chiefs and predicts that if they go to jail the people of the country will suffer far more than they. He calls attention to the inalienable right to trial by jury and deprecates the sentence, in view of the fact that there is no fight between labor and capital.

The governor goes into considerable detail in explaining the injustice of the judgment.

McCumber Act Will Stand.

Washington, D. C., Jan. 4.—The court of claims in a decision in the case of David Muskrat, J. Henry Dick, Levi Gritts, and others, involving the constitutionality of the McCumber amendment, holds the amendment is valid. This was the act extending restrictions on all full-bloods 25 years from June 26, 1896. The amended petition in the eastern Cherokee case were dismissed.

Crump for Congress.

Guthrie, Ok., Jan. 4.—The Wewoka Democrat is out with the announcement of George C. Crump of that place as democratic candidate for congress from the Third Oklahoma district. This announcement, following the declaration of James Davenport, the democratic congressman from that district, who was defeated last fall and whose term expires in March, that he will run again two years hence, insures a lively race in the primaries. Crump is counting on the support of the Haskell organization.

NATURE TELLS YOU.

As Many an Ada Reader Knows Too Well.

When the kidneys are sick, Nature tells you about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills. Ada people testify to this. W. F. Jones, E. Eleventh St., Ada, Okla., says: "It is over a year and a half since I procured Doan's Kidney Pills at G. M. Ramsey's drug store and through their use received a cure from a severe case of kidney complaint. There was a dull ache through my loins and the too frequent passages of the kidney secretions caused me great annoyance. I tried a number of remedies, but received only temporary relief until I used Doan's Kidney Pills. I have had no occasion to resort to a kidney remedy since as the cure Doan's Kidney Pills effected has proven to be a permanent one."

ONE WEAK SPOT.

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow every sudden twist. Dull aching keeps up, day and night.

Tell you the kidneys need help—Too often it is really kidneyache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills. Ada people recommend the remedy. E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend

Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store rid me of the trouble and I have had no return of it since."

OUTRAGED A FRAIL WOMAN

Shawnee, Okla., Jan. 5.—Closely guarded at the county jail, where he crouches in his cell in terror lest a mob of angry citizens may storm the jail and lynch him at any moment, Julius Shipman is awaiting a preliminary hearing postponed indefinitely through fear of mob violence, and Mrs. Hilda Stallcup, wife of a Rock Island engineer, lies at her home in a precarious condition, the victim of a most brutal assault. It is said that Shipman went to the house of Mr. Stallcup on the pretense of having her sign some papers. Finding her alone, he burst open a screen door and overpowering her threw her on a bed where he committed the outrage. Mrs. Stallcup is a frail woman and was completely at the mercy of the white brute. Shipman was arrested shortly after the crime and pretended to be drunk. It was with the greatest difficulty the officers prevented a lynching. Mrs. Stallcup is in a precarious condition.

Confederate Camps to Meet. Guthrie, Okla., Jan. 5.—There will be a meeting of representatives from the Oklahoma Confederate camps held in Oklahoma City, Feb. 12, to devise means for erecting a Confederate home in the state. In an order today Commander-in-Chief Bill Cross urges

that every ex-confederate soldier participate in a memorial service on Jan. 19th, the birthday anniversary of Gen. Lee. E. J. Giddings of Oklahoma City has been named to represent the state division at the Lincoln celebration in Oklahoma City Feb. 12.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, Free. F. J. CHENEY & CO., Toledo, O.

WILL REBUILD ON THE RUINS

Rome, Jan. 6.—Plans for the rebuilding of Reggio and Messina already are being discussed in detail, but especially with regard to the latter place, which is the second city of Sicily. It is estimated that about \$15,000,000 will suffice to rebuild Messina for 50,000 inhabitants, making it a commercial and maritime center. It will take about \$8,000,000 to rebuild Reggio for 25,000 people. In any event many years must elapse before the thoroughly terrorized population can be induced to return to live in the stricken territory. One project is to transfer Messina provisionally to Milazzo, a small town near the ruins of Messina, on the North Coast of the island. It has been decided to reconvene the Italian Parliament on Friday or Saturday of this week to consider remedies and measures to cope with the existing situation in Calabria and Eastern Sicily. A bill will be presented setting forth that all people who were in the stricken cities and towns who have not been found at the expiration of three months shall be considered dead.

The Pope visited the wounded in the Vatican this afternoon, accompanied by Dr. Giuseppe Patacci, his private physician, and heard the doctor's opinion on each case.

Reggio, Jan. 6.—Earthquakes have occurred here today at intervals of twenty minutes. As soon as a stronger quake than the others caused a number of the standing walls to collapse and created a condition of panic among the survivors. It is not thought that there were any casualties.

Segregated Coal Lands District.
McAlester, Okla., Jan. 5.—Representatives from six of the seven counties in the segregated coal land district to the number of 200 met in convention here today. Permanent organization was effected, with Boone Williams of Lehigh president, J. W. Corley of Howe, secretary, E. C. Million of McAlester, treasurer, and a vice president from every city and town in the district. A fund of \$1,000 was raised for expenses. W. Hays Fuller of McAlester was appointed delegate to Washington. Resolutions were adopted memorializing congress to provide for the sale of the surface of the segregated coal lands at once, opening it to settlers, no person to be allowed to purchase more than a quarter section. These lands aggregate half a million acres. The convention today was a representative body, and strong pressure will be brought to bear on the officials at Washington to sell the lands as requested.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a gold will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

The big fine assessed against the Standard Oil Company by Judge Landis is now a memory. The effort of the government to obtain a standing through the supreme court of the United States has failed—Democrat Herald

The Standard Oil Company's owners never lost any sleep about that big fine in the first place. The amount of it was in excess of common sense, though technically correct. And again the republicans party and the Standard Oil with all its ramifications are too closely allied to have a severance of friendship

THE NEWS GROWS

In conjunction with the growth of Ada the News grows

Through the enterprise and business acumen of the merchants of Ada the Daily News today prints eight pages all in print

It is a fact that the Ada News will be a news paper for the town every day and it will not be long until the population of Ada will justify this size paper as well as a telegraph service

When the time arrives the News will go to the eight pages and also adopt the telegraph service for which negotiations are now under way

PRESS COMMENT

After all perhaps we have made some progress in righteousness. Those six honest councilmen out of 36 crooks in Pittsburg would have made work comparatively easy for Diogenes who was so long looking

for even one honest man—Ardmore-Herald

In the city of Cleveland Ohio 12,000 young men and women start out today to spend two weeks. Living as Jesus would live. While the object of the young people is to be commended we believe they made a mistake at the start in proclaiming to the world what they intend doing. Jesus did not need a press agent to advertise his good works—Missouri Times Democrat

It only takes some terrible disaster like that at San Francisco or the more recent earthquake in Italy to quickly demonstrate that the whole civilized world is closely kin—Democrat Herald

The newspapers are again crying out at the shortage of printer and it is getting to such a pass that a paper hardly knows whether it will live or get enough to get out the next issue and this condition prevents regardless of the price. If the next congress does not place everything in connection with the manufacture of news paper or for the matter of that any other kind of paper upon the free list then it is going to be a hard thing for the publishers to live on—Durant News

MRS. U. G. WINN.

Mrs. D. W. Holman and daughter have returned from their holiday visit to relatives in Texas.

Of the various enterprises, commercial and industrial, whose operations have tended toward the advancement of Ada and Pontotoc County, the Oklahoma Portland Cement Company stands pre-eminent. This vast industry has been located in our city for two years, the first year of which was taken up in construction. We are proud to announce to our readers, that the "Ok" brand, as their product is called, has in the past year become known as the "standard of excellence" throughout the Southwest, where it has been sold, and leading engineers in Oklahoma and Texas, have pronounced it the best Portland Cement that has ever come to this section. In fact, "Ok" cement has obtained such preference on account of its superior quality, that throughout this past year of depression, the company has been able to place their entire output.

In fact, the demand has become of such magnitude as to make it incumbent upon the company to increase its capacity, and arrangements are now being made towards this end.

Their large plant, located just west of the city, is now one of the largest manufacturing industries in the state, and with their capacity doubled they will likely hold this honor for many years to come.

The plant occupies some twenty acres of land, donated by the city of Ada, and all covered with immense buildings of steel and re-enforced concrete construction; these buildings being filled with the most modern and best improved machinery known to the industry.

Some idea of the benefits accruing to our community through this industry may be obtained from the fact that its monthly pay roll averages \$10,000.00, and in the two years it has been here, aggregates over \$225,000.00.

In addition to their plant site, the company owns some 920 acres of stone and shale land five miles south of the city, where the raw product is quarried, and where they have a supply of same to run a thousand years.

The officers of this company are: A. L. Beck, president; C. C. Bishop, vice president; J. M. Wintersmith, treasurer, and Wm. L. Whitaker, manager; Geo. L. Kice, secretary. All of these gentlemen, with the exception of Mr. Bishop, are residents of Ada, in which city they take a keen interest in all matters pertaining to the general welfare.

The stockholders are: A. T. Howe, C. C. Bishop, F. H. Holden, 1195 Madison Temple, Chicago, Ill.; Peter Martin, Huntington, Ind.; Edwin Harter, Huntington, Ind.; F. E. Wickenbiser, Huntington, Ind.; Chas. E. Altheman, Huntington, Ind.; John Edwards, Mitchell, Ind.; John Love

THE GIFT OF THE NEW YEAR.

The gift of another year, dear Lord, From thy loving hands we take: O grant that we use it gratefully, For thy tender mercies sake!

Its every moment should speak of thee

Its hours show forth thy praise, And frightened with love and kindly deeds

Should be the hastening days. Thy watchful love has brought us safe

Through the Old Year's paths we know;

So stretch thy kindly hand again, And guide us as we go Through the untrod ways of this year so new.

And grant that our paths may lie Where the brightest beams of the bounteous grace

May fall from thy throne on high. Lift up our hearts till they sing for joy,

And grant us the gift of "peace, Good will toward men," that the Christmas cheer

May not with the New Year cease! —Selected.

The Hidden Hand.

This play was presented last night at the opera house to a large audience, despite the pesky norther that blew up. It is putting it mild to say that the members collectively and separately did themselves credit.

The Hidden Hand Company can always count on a hearty welcome in Ada.

HOW IT WAS DONE

(From Shawnee Herald)

A political battle never before equalled in the history of Oklahoma such has been the speakership fight. Men who have fought side by side up and down to victory and defeat in previous contests were to be found arrayed against each other and on the verge of resorting to violence to express their feelings. On the other hand political and personal enemies of the past locked arms at down together and to mid combination after a combination and plot after plot in an attempt to reduce late friends to the dust of defeat.

Men entered the speakership contest with little strength and were able to make circuit after circuit before the legislators in the grand stand were acquainted with their running qualities.

Candidates claimed each other's vote and in the absence of the members themselves it was difficult to determine who was who.

Secrecy was the watchword. Reference was a candidate qualification it seemed.

Developed New Managers

The most remarkable evidence of political ingenuity was displayed by the Oklahoma City delegation headed by Ed Dunn. Dunn is a real estate man. He says little, shakes hands well, winks frequently and walks with a tread that repudiates the old idea that avoidances necessarily implies a heavy tread. He had not been in town ten hours until he was merging political interests. So secretive was his preliminary efforts that he was dubbed the rubber the politician, and this name hung to the last.

Taking up Representative Ben Wilson's candidacy, Dunn impressed the following of Tillotson, Ross and others with the impossibility of their own candidate winning. He cultivated the dead lock started hand wagon movements and sat back and smoked while the hotel lobbies hummed with excitement.

As early as Friday night he had the Tillotson and Ross forces signed up with almost enough votes to nominate Saturday morning a break in the slate came. All day the fight was made to combine against Wilson but candidates could not get together for each man in the absence of many house members believed himself available.

Finally when it came down to a choice between three men Wilson, Terrill of Hobart and Bryan of Shawnee the latter as a compromise candidate Dunn was able to get the Harrison forces to break and before midnight Harrison walked in and signed the roll thus eliminating himself with twelve or more strong supporters who had been unwavering up to that hour.

Another keen political mind was at work battling every inch of ground with Dunn and others it was John R. Williams of Hobart.

Quiet unassuming courteous and courageous with a persistence and loyalty that made him a big factor in the caucuses Williams plugged away with practically nothing as a beginning and at the close had his few and practically unknown candidate ranking second in the race. It was his work that made elimination of other candidates rapid as the Sabbath day was closing.

Milton Bryan of Shawnee who narrowly escaped being touched by the hand of political fortune at an hour of strife emerges from the battle with the friendship of every contestant and every supporter. He was at all times an available candidate as a compromise but his pledged vote kept him from being a notable factor in a test of strength.

Saturday night Bryan stood soiled Sunday afternoon it seemed to go down only to be revived at the supper hour. Had it not been for the sudden withdrawal of Harrison the compromise solution would have brought the speakership to the Shawnee man.

Governor Kept Hands Off.

Hundreds of men appealed to Gov. Haskell to get into the fight. They told him that he owed it to his friends and to his administration to end the endurance race that had been going on for days.

The governor, however, declared

that all of the candidates were his friends and support a little could not change his program of non-interference. Gov. Haskell quitted the hotel lobbies Saturday and Sunday evening and was immediately the center of many small groups.

Interest in all other house positions was lost and few candidates were able to attract attention of legislators to their claims.

Guthrie Okla. Jan. 5.—Resolutions have been prepared for introduction in both branches of the legislature ordering submission of the Torrens system of land title registration to a vote of the people at the next general election. The proposition was submitted at the last general election and defeated as an amendment to the constitution having failed to receive a majority of all the votes cast in the election.

BRUTAL HUSBAND AND FATHER.

Beats Wife and Child Nearly to Death Over Money.

Coweta Okla. Jan. 4.—News reached Coweta from the country south of town that Mrs. Jack Howard and little 4 weeks-old baby were beaten nearly to death on New Year's eve by the husband and father Jack Howard in a quarrel over money matters.

The Howards according to the story had been to the bank in Coweta and were returning home when Howard got out of the buggy jerked his wife to the ground and gave her a terrible beating. He next seized the baby and dashed it to the ground several times. Travelers along the road soon discovered the condition of the mother and child and Mary Al Ward and a posse from Coweta set out after Howard soon capturing him. Physicians in attendance upon the woman say that she cannot live.

Widespread Cold Wave.

Chicago Ill. Jan. 5.—The long deferred winter swept over Chicago and the entire Northwest today and is rapidly enveloping the Middle West. Forecasters say the cold wave will extend clear to Florida and Louisiana. Throughout Minnesota, Iowa, Wisconsin and Canada heavy snow and sleet accompanied the low temperature. In Illinois and other Middle Western States the cold wave was accompanied by cold rain and snow flurries which cut down telegraph and telephone wires, disrupted railway schedules and brought much suffering in the poorer districts of the cities.
